A. M. RUMERY, TREAS. SCHOOL DISTRICT.**AUDITORS' CERTIFICATE.**

OSSIPEE, N. H., Feb. 16, 1897.

We the undersigned Auditors of the Town of Ossipee for the year ending, Feb. 15, 1897, certify that we have examined the books and accounts of the Treasurer of the School District of said Town, and find them correctly cast, and proper vouchers on file to support the same.

(Signed) FRANK K. HOBBS, } Auditors of
 FRANCIS. H. LORD, } School Dist.

REPORT OF THE SCHOOL BOARD.

During the year there has been thirty-five terms of school taught by eighteen teachers. In five schools the same teachers taught the whole year. The attendance during the first two terms was good, but the snow and epidemics interfered with the attendance of the winter term.

The School Board would call the attention of parents to the necessity of frequent visitation of their schools.

We notice that the schools in which most visitors are reported are also those from which best results are reported by parents and pupils, and we believe this is the natural result of interest elicited by becoming better acquainted with the methods and discipline of the School.

In short, it is the co-operation of parents with teacher and pupils.

We believe that along with intellectual culture the moral nature should be educated, and that the child should possess good manners and a gentle disposition as well as intelligence.

We believe that *progression* must ever be our watchword.

The means best adapted to the needs of the greatest number must be adopted in our Schools.

We believe in raising the standard of teachers. A very large per cent. of our boys and girls never go beyond the Town School, and for this reason let them have the best possible instruction to fit them for their life work.

Let us have some means of securing better attendance upon the Schools which the liberality of our voters provides.

We urge upon every citizen the importance of voting so as to provide liberally for the education of the rising generation.
